

Principles and Practice of Podiatric Medicine, 2nd Edition

Leonard A. Levy and Vincent J. Hetherington, Editors
Bradley W. Bakotic, Special Editor

Table of Contents

Chapter 1	The Evolution of Podiatric Medical Practice and Formal Education: Chronological History <i>Leonard A. Levy</i>	1-1
Chapter 2	Sectional Anatomy of the Foot <i>Scott Leum, Wayne A. Krueger</i>	2-1
Chapter 3	Normal Biomechanics <i>Robert D. Phillips</i>	3-1
Chapter 4	Pathomechanics of Common Foot Pathologies <i>Scott A. Spencer</i>	4-1
Chapter 5	The Podiatric History and Examination <i>Myron C. Boxer</i>	5-1
Chapter 6	Lower Extremity Edema <i>Lawrence Harkless, Khurram H. Khan</i>	6-1
Chapter 7	Pruritus in the Podiatric Medical Patient <i>Leonard A. Levy</i>	7-1
Chapter 8	Pain Management <i>Kyle E. Hoogendoorn, Brian F. Griffin, Cheryl L. Robinson</i>	8-1
Chapter 9	Podiatric Radiology <i>Ronald E. Johnson</i>	9-1
Chapter 10	General Radiology of the Foot and Ankle with Special Focus on Pedal MR Imaging <i>Lawrence Osher</i>	10-1
Chapter 11	Skin Biopsy in Podiatric Medical Practice <i>Leonard A. Levy</i>	11-1

Chapter 12	Evaluation of Arterial Flow in the Lower Extremity <i>Arlene F. Hoffman</i>	12-1
Chapter 13	Laboratory Medicine: Evaluation and Diagnosis <i>Harry Burke</i>	13-1
Chapter 14	Infectious Diseases <i>Bryan D. Caldwell, Donald J. Adamov</i>	14-1
Chapter 15	Tumors of the Small Bones of the Distal Lower Extremity <i>Bradley W. Bakotic</i>	15-1
Chapter 16	Tumors of the Skin of the Lower Extremity <i>Bradley W. Bakotic</i>	16-1
Chapter 17	Tumors of the Soft Tissue of the Lower Extremity <i>Bradley W. Bakotic</i>	17-1
Chapter 18	Hematopietic Tumors of the Lower Extremity <i>Bradley W. Bakotic</i>	18-1
Chapter 19	Arthritis <i>Myron C. Boxer, Leonard A. Levy</i>	19-1
Chapter 20	Peripheral Nerve Disorders <i>Mark E. Landry</i>	20-1
Chapter 21	Vascular Disorders <i>Anthony S. Kidawa</i>	21-1
Chapter 22	Dermatologic and Soft Tissue Disorders <i>Daniel J. McCarthy and Bryan D. Caldwell</i>	22-1
Chapter 23	The Nail Unit: Diseases and Disorders <i>Myron A. Bodman</i>	23-1
Chapter 24	Operative Care of Nail Disorders <i>John E. Laco</i>	24-1
Chapter 25	Diabetic and Insensitive Foot <i>Vincent J. Hetherington, Victoria Penfield and Richard Stess</i>	25-1
Chapter 26	Amputation of the Foot <i>Edward L. Chairman</i>	26-1
Chapter 27	Foot Disorders Associated with Aging <i>Arthur E. Helfand</i>	27-1
Chapter 28	The Pediatric Patient <i>Vincent J. Hetherington, Janis Lehtinen, Franz Grill and Lawrence Lembach</i>	28-1
Chapter 29	Podiatric Sports Medicine <i>James E. Lichniak and Phillip R. Perlman</i>	29-1

Chapter 30	The Handicapped and Disabled Podiatric Patient <i>Leonard A. Levy</i>	30-1
Chapter 31	Behavioral Medicine <i>Leonard A. Levy</i>	31-1
Chapter 32	The Plague of HIV/AIDS: Role of Podiatric Medicine <i>Leonard A. Levy</i>	32-1
Chapter 33	Basic Operative Procedures: Techniques and Instrumentation for Debridement of Nail and Hyperkeratotic Tissue <i>Robert A. van Lith</i>	33-1
Chapter 34	Orthodigita Techniques <i>Kendrick A. Whitney and Alan K. Whitney</i>	34-1
Chapter 35	Padding and Taping Therapy <i>Alan K. Whitney and Kendrick A. Whitney</i>	35-1
Chapter 36	Basic Concepts of Rehabilitation <i>Michael Korbol</i>	36-1
Chapter 37	Management of Lower Extremity Ulcers <i>Kenneth G. Canter, Gerit D. Mulder, David J. Neese</i>	37-1
Chapter 38	Introduction to Anesthesiology for Podiatric Medicine <i>Robert C. Rogoff, H. Nkrumah Huntley</i>	38-1
Chapter 39	Local Anesthetics <i>Gregory S. Duncan</i>	39-1
Chapter 40	Perioperative Considerations in Podiatric Surgery <i>Brian Novack</i>	40-1
Chapter 41	Lesser Metatarsal and Digital Surgery <i>Vincent J. Mandracchia, Denise M. Mandi, Brent D. Haverstock, Donald E. Buddecke, Jr., Eric A. Barp, W. Ashton Nickles</i>	41-1
Chapter 42	Hallux Valgus, Hallux Limitus, and First Ray Surgery <i>Vincent J. Hetherington, Stephen F. Mielech</i>	42-1
Chapter 43	Basics of Rearfoot Surgery <i>Gunther Steinböck and Aaron Chokan</i>	43-1
Chapter 44	Collapsing Pes Valgo Planus (Flexible Flatfoot) <i>Stephen J. Miller</i>	44-1
Chapter 45	Pes Cavus <i>Harold W. Vogler, Daniel J. Howard</i>	45-1
Chapter 46	Complex and Compound Foot and Ankle Deformations: Paralytic and Nonparalytic <i>Harold W. Vogler, Gary R. Bauer</i>	46-1

Chapter 47	Arthroscopy <i>Matthew DeMore, III, Joseph Favazzo</i>	47-1
Chapter 48	Soft Tissue Trauma of the Lower Extremity <i>Vincent Mandracchia, Donald E. Buddecke, Jr., Scott C. Nelson, Trenton K. Statler, Donald W. Hayes, Jr., Denise M. Mandi</i>	48-1
Chapter 49	Foot Fractures <i>George S. Gumann, Jr.</i>	49-1
Chapter 50	Ankle Fractures <i>Harold W. Vogler, Gary R. Bauer</i>	50-1
Chapter 51	Postoperative Complications in Podiatric Surgery <i>Marc Dolce, Donald J. Adamov</i>	51-1
Chapter 52	Fixation Techniques in Foot and Ankle Surgery <i>Lawrence DiDomenico, Dave Garchar</i>	52-1
Chapter 53	Basic Biomaterials <i>Jill S. Kawalec, Vincent J. Hetherington</i>	53-1
Chapter 54	Surgical Wound Closure in Foot and Ankle Procedures <i>Jose Castillo, Gary P. Jolly</i>	54-1
Chapter 55	Clinical Indications of MRI Use in Podiatry <i>Brian Novack, Marie Blazer</i>	55-1
